Forecast for Wednesday 06 Jul 2022

Weather: Cloudy at first with outbreaks of light rain and drizzle likely until late morning. Probably remaining cloudy through the afternoon in the west, with the odd spot of light rain, but some bright or sunny spells are possible in the south and east. Gusty winds at times, particularly during the afternoon.

Chance of cloud-free hill tops above 600m: 30% improving to 60%

Low cloud and visibility: Extensive low cloud above 200m at first, bringing very poor visibility in fog. This gradually lifting towards 400m in the west during the afternoon, with visibility improving to moderate. Low cloud clearing in the east by the afternoon, with visibility becoming good.
